Please bring your own bedding, towels, etc. If you need to use camp's, make sure to wash them, dry them, and then put them away. For our part, we will make sure the facility is clean and ready to use. We will make sure we have enough cleaning and normal hygienic supplies on hand. Please call John Lewis if you have any questions or issues to report at **308-870-2076**. Also, for your information, the camp phone forwards to that same cell number, so you might need to supply your people with another number. Some recreation equipment and some tools will not be available to you. Please ask about this in advance. John would enjoy hearing any feedback you would offer about the facility and your experience at Camp Joy.
